Amendments to the Claims

This listing of claims will replace all prior versions, and listings of claims in the application.

Listing of Claims:

1 (currently amended). A method of registering a licensed ~~module~~ software package in a mobile device, the method comprising:

detecting the licensed ~~module~~ software package in a processing platform in the mobile device being initially accessed by a user of the mobile device;

collecting module parameters, the module parameters comprising at least a module identifier;

assembling a registration message based on the detecting of the licensed ~~module~~ software package being initially accessed, the registration message comprising at least the module identifier; and

sending the registration message from the mobile device to a module registration system corresponding to a destination address stored in the mobile device so that the registering of the licensed ~~module~~ software package is substantially transparent to the user of the mobile device.

2 (original). The method of claim 1 further comprising encrypting the registration message prior to sending the registration message.

3 (previously presented). The method of claim 1 further comprising receiving an acknowledgement message from the module registration system.

4 (canceled).

5 (original). The method of claim 1 wherein the sending of the registration message further comprises sending the registration message using a short message service (SMS).
